On this Special Day You have dreamed of since you were just a little girl. You have always pictured in your mind how you would look on your wedding day. Now, it is coming time to actually start planning for that wonderful, romantic, "dream come true" of a day. You have finally found that "Perfect Someone", your perfect dress, the perfect place you want to walk down the aisle, but did you think about your hair and makeup? Are you going to leave that last detail to chance? It is time to think about hiring a professional bridal hair and makeup artist. The last thing you need to stress about is making sure your makeup and hair looks just right. Relax; hire a professional bridal hair and makeup artist that will come to you, which puts more time in your already busy schedule. You will save time and energy and its fun! It is very important that your hair and makeup will look as beautiful and relevant in 20 years as it will on the day of your wedding. I have over 13 years of experience in Bridal Hair & makeup and have won "**THE KNOT**" Best of Weddings for 9 years and am now inducted into their Hall of Fame..I even have a Large team to help me with those larger wedding Parties.
